Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 08 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Winds slowly easing overnight and most places becoming dry.

This Evening and Tonight:
Windy at first, with gales through the Bristol Channel and on some west facing coasts, but winds easing overnight. A few evening showers but most places becoming dry overnight with showers becoming confined to Cornwall. Chilly with patchy grass frost. Minimum temperature 1 deg C (34 deg F).

Thursday:
Largely dry at first with the sunniest skies in the east. Already cloudy in Cornwall though and turning wet here through the morning, with rain spreading east during the afternoon. Maximum temperature 12 deg C (54 deg F).

Outlook for Friday to Sunday:
Breezy with sunshine and showers on Friday. Cold at first on Saturday, but turning mild and cloudy with patchy rain. Staying mild on Sunday with light rain/drizzle in places.
